

Payment services and Mobile Bank ID

Region
Östergötland

Log in to your bank account
online using your bank security
token

<https://demo.swedbank.se/app/ib/logga-in/>

Open Swedbank's website <http://www.swedbank.se>

Click on **Log in** in the upper-right hand corner.

Use your personal Security token to identify yourself.

(Store your Security token and bank card in a safe place.)

- Enter your personal identity number and select Security token or Corporate security token.
- Click Log in.
- Turn on the security token by pressing the blue button.
- A control image appears on your computer screen or mobile device. Direct the security token's camera at the control image.

- Enter your PIN in the security token and press "OK".
- The security token's window now displays your personal identity number along with information that you are about to identify yourself to Swedbank och Sparbankerna. Confirm by pressing "OK".
- The security token's window will again display the same text along with a one-time code. Enter the one-time code in the blank field in the Internet Bank or in the app. Click Continue.
- You are now logged in.

Pay bills from your bank account online.

<https://www.youtube.com/watch?v=Mqr4h-K5mJU>

You will find all the information you need in order to pay in the invoice:

Payment routine (Bank giro, PlusGiro), recipient number, Amount, OCR number, and due date for the payment.

Open/close your card for internet purchases

- In order to shop online using your card, you need to open your card for internet purchases, which you can easily do in the Internet Bank or in the app.
- If you have received a new bank card, you first need to activate the card before you can open it for internet purchases. How to activate your new bank card
- As soon as you have opened your card for internet purchases, you can start using it online. At stores connected to Mastercard Identity Check, you will need to confirm your purchase using Mobile BankID. If you are unable to use Mobile BankID, you can instead confirm your purchases using passwords and SMS.
